Re: Okanagan Valley Painting

To Whom It May Concern

This letter is in reference to Wes Uhlenberg and Okanagan Valley Painting. We have had the pleasure of having Okanagan Valley Painting as our painter of choice on virtually every new build or renovation of our facilities as well as our private residences for many years. We initially chose Wes due to his outstanding reputation. We have never been disappointed with our choice. His willingness to work regardless of the hours, along with his sense of urgency and efficiency has always resulted in a product we've been happy with.

Without fail, we will be utilizing Okanagan Valley Painting in the future and we would encourage the reader to do the same.

Sincerely
